### WE GUARANTEE YOU WILL RECEIVE YOUR OWN APPLIANCES BACK

Orthodontic Appliances that are sent to be Reconditioned are the very same appliances that are submitted back to the Orthodontist, never any substitutes!

**Transfer patients:** On occasion, there are patients who transfer midway treatment and the previous Orthodontist utilized a differing manufacturer or prescription. If this is the case, let us know which manufacturer/prescription you would like us to process.

### Shipping Policy and Payment Information

#### Shipping Preparation

- Step 1:** Complete this order form.  
**Step 2:** Disinfect your appliances by spraying a chemical disinfectant.  
**Step 3:** Place your appliances in a puncture-resistant container.  
**Step 4:** Ship them to us with your preferred carrier.

All incurred shipping expenses will be paid by the customer. All shipments are insured for the value of its contents.

**Domestic:** FedEx, UPS (*signature confirmation added to orders over \$500; however, may opt out*) U.S. Mail Postal Service, or customer's preferred carrier upon request

**International:** FedEx, UPS International, USPS First-Class Mail Registered, USPS Express, or customer's preferred carrier upon request. Please note: We will not be responsible for any duties, custom fees or other taxes as determined by your country.

**Turnaround time:** From the date your appliances are received, domestic turnaround time will be within one to two weeks and two to three weeks for international shipping. Please notify us of any rush orders and we will do our best to accommodate the request.

**Payment Information:** All transactions must be remitted in U.S. dollars (USD). We accept Visa or MasterCard, only. Please complete the order form, and sign for credit card authorization. Unless otherwise agreed, we will charge your card before shipping the processed order. Payments may be remitted by bank wire transfer, but extra charges will be applied due to bank fees.

**Overdue Balance Policy:** After 30 days, a 5% late fee will be applied to the unpaid balance.

## WHO WE ARE...

Ortho-Cycle Co., Inc. was established in Hollywood, California in 1976 and is currently

operating in Hollywood, Florida. We have pioneered, formulated and engineered the process of reconditioning orthodontic appliances without altering its properties and by reconditioning orthodontic appliances (stainless steel devices), it reduces the amount of harmful chromium and nickel ions that would be dumped and eventually pollute our groundwater. Therefore, reconditioning is not only paramount to our customers, but also to the welfare of the environment that we share.

With our commitment to customer satisfaction and corporate responsibility to our environment, Ortho-Cycle Co., Inc. is also a leading international company focused on continuously building on its strengths for over

40 years. It is the first in its field to be certified by ISO 9001:2015; 13485:2016, and FDA registered.

## WHAT WE DO...

In today's cost-conscious economy, we are often encouraged to promote cost-effective saving strategies in order to prepare for a better future. By reconditioning your orthodontic appliances with Ortho-Cycle Co., Inc., we will successfully remove all acrylic polymers without subjecting the appliances to material degradations.

The reconditioning process includes: cleaning, decontaminating (twice), inspecting, sorting and marking the orthodontic appliances.

In addition, Ortho-Cycle Co., Inc. sells orthodontic appliances around the globe for a fraction of the manufacturer's price! We truly believe that Ortho-Cycle Co., Inc. is a company "Where Science Meets Economy!"
